The benefits of adult dating online involve the following:

- the ability for less sexually experienced or shy personalities to express their sexual selves.
- it is a safe secure environment to practice safe (virtual) sex.
- the ability to feel comfortable with the cybersex partner due to the anonymous nature of the Internet and adult dating online chatrooms.

Just as adult dating online has its set of advantages, there can be drawbacks in indulging in it too. The dangers of adult dating services online particularly when tackling cybersex involve:

- The dangers of adult dating services online are in not knowing the person you are dealing with and their intimate involvement. The Internet cannot screen the age or sex of the people involved and this could cause ethical concerns.
- People can take adult dating services online too personal and seriously. Reports have been noted on cybersex addiction.
- Internet Adult dating could potentially ruin your physical sex life due to the lack of anonymity in the physical space.
- Not healthy to experience only Internet or adult dating online relationships as this will deter you into entering real physical relationships.
